

**IEEE-International Conference on Advanced Materials for Sustainable Clean Energy and Healthcare Technologies 2026 (AMSCEHT-2026)**  
(Conference with IEEE Record Number #69651)  
11-13 September 2026(Hybrid Mode)

## Special Session on

### Special Session 10: Nanomaterials for Clean Energy and Health Care Innovations: Environmental Assessment and Sustainable Development Perspectives

Organized & Co-Chaired by:

Dr. Shama Afroze Baig  
HOD, Microbiology  
Swami Shri Swaroopanand Saraswati  
Mahavidyalaya, Hudco, Bhilai, C.G.

## CALL FOR PAPERS

This session is designed for researchers, academicians, industry professionals, healthcare technologists, environmental scientists, and policymakers working in the fields of nanotechnology, clean and renewable energy, healthcare systems, environmental assessment, and sustainable development. The session aims to provide a common platform for discussing recent advances in nanomaterial-based innovations for energy generation, storage, and healthcare applications, while critically evaluating their environmental implications and sustainability challenges.

## TOPICS OF INTEREST, BUT NOT LIMITED TO:

This special session invites original research papers, case studies, and review articles on, but not limited to, the following topics:

1. Nanomaterials for Clean and Renewable Energy
2. Nanotechnology in Healthcare Systems
3. Environmental Assessment and Safety
4. Sustainable Development and Green Nanotechnology
5. Emerging Trends and Interdisciplinary Approaches

## IMPORTANT DATES:

Paper submission opens: November 1, 2025

Paper submission closes: June 10, 2026

Paper acceptance notification: July 10, 2026

Registration deadline: July 20, 2026

Last Date of Camera-ready paper submission: August 10, 2026

Conference Date: 11-13 September 2026

(Note: Authors can register only after their papers have been accepted)
